

PASTRY Dissemination Oct. 2012-Sep. 2013

The funding of PASTRY Project was acknowledge in the following invited talks given by Raffaella Calarco

1. **[08-10.09.2013] European\Phase Change and Ovonic Symposium E\PCOS 2013** Berlin (D)
“Epitaxial GeSbTe grown on Si(111)”
2. **[24-28.06.2013] Fundamentals of Laser Assisted Micro- & Nanotechnologies** St. Petersburg – Russia
“Switching of Epitaxial Phase Change Materials by short laser pulses”
3. **[01.-06.03.2013] MRS Spring Meeting** in San Francisco (USA)
“On the epitaxy of phase-change materials”

The funding of PASTRY Project was acknowledge in the following invited talks given by Prof. John Robertson

1. **[01-06.03.2013] MRS Spring Meeting** in San Francisco (USA) 'Bonding and defects in phase change materials'
2. **[18-23.08.2013] International Conference on Amorphous Semiconductors**, Toronto – Canada
“Phase Change Materials” tutorial

PASTRY Project coordinator (MYI) attended following EU organized workshop:

1. **[20-21.11.2012] European Nanoelectronics Forum** in Munich (Germany) Poster on FP7 PASTRY Project presentation
2. **[18-20.06.2013] Euronanoforum 2013** in Dublin (Ireland) Poster on FP7 PASTRY Project first achievements
3. **[27-28.11.2013] European Nanoelectronics Forum** in Barcelona (Spain) Poster on FP7 PASTRY first year results
